LIMITED EDITION
70TH ANNIVERSARY

AN ANNIVERSARY TO CELEBRATE IN STYLE

An authentically irreverent and unconventional icon, the Vespa doesn't need to worry about showing its age. When you've been on the crest of the wave since 1946, 70 successful years are a milestone worth celebrating.

Geared to the tastes of the younger generations and their constantly evolving style preferences, the Vespa has always been a driver of innovation and non-conformist aesthetics.
Decade after decade, this scooter has fanned the flame of independence of each new generation.

The seventieth anniversary of this unique adventure is the opportunity to offer new ideas and new products for admirers all over the world: a special logo identifying the various initiatives and three special vehicles celebrating the different souls of the Vespa with the latest Piaggio technology.
